D2L/Brightspace: Student Pairing with Access Code

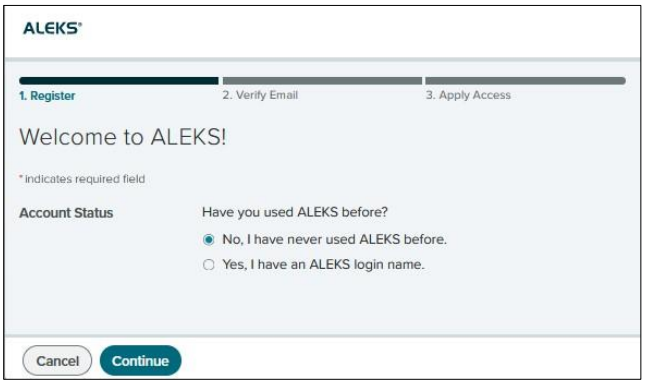

Video Walkthrough: Click to View

To pair your LMS account with **ALEKS**, follow the steps below.

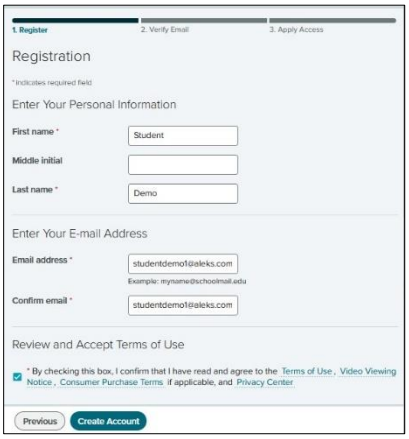

1. Log into your D2L account.
2. Select your course.
3. Select **Content**.
4. On the left-side navigation menu, select the module **ALEKS Access**, and then select the **ALEKS** External Learning Tool. (Note, the name of the module and tool link for ALEKS may be different depending on each instructor or school.)

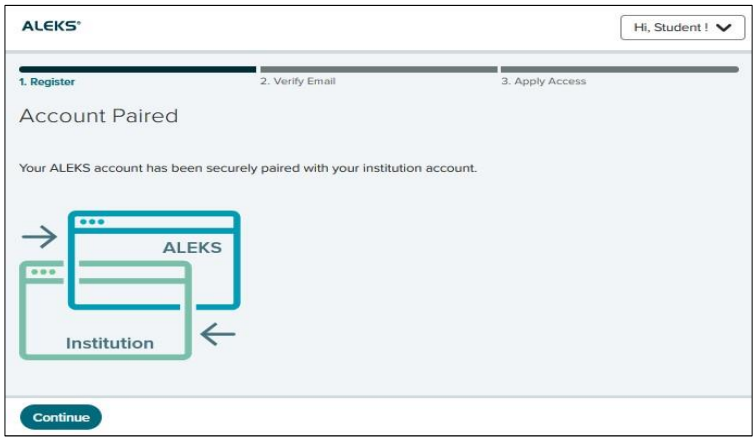

5. If you have never used ALEKS, select the first option, **No, I have never used ALEKS before** and then select **Continue**. If you already have an ALEKS account, select **Yes, I have an ALEKS login name**, enter your login information, and then select **Continue**.

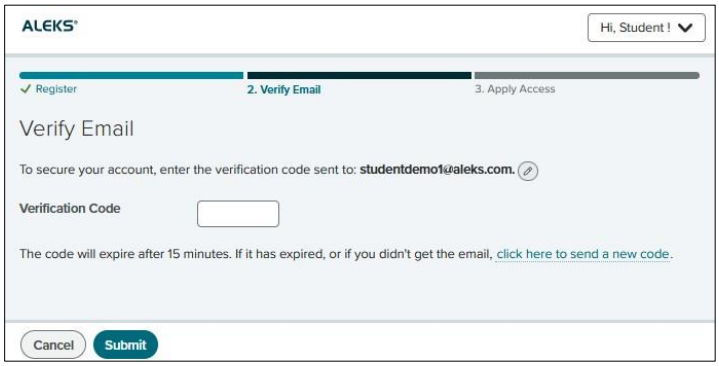

6. Verify your information, accept the Terms of Use, and select **Create Account**.

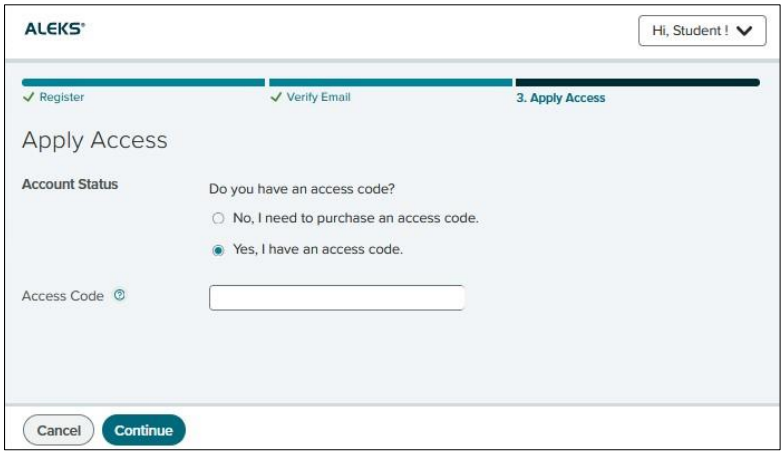

7. Your account is now paired with ALEKS. Select **Continue**.

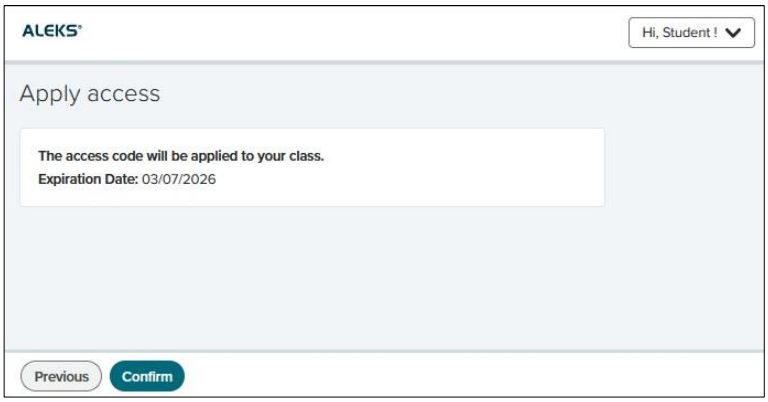

8. Verify your email address by entering the code you receive to the email associated with your ALEKS account. Select **Submit**. This will take you to a page where your email will be verified. Select **Continue**.

9. If you already have a 20-character access code, select the second option to continue your registration. If you do not have a 20-character access code, select the first option to purchase the code via ecommerce and complete registration.

10. Confirm your access code expiration date. Select **Confirm**. (The example is for students that already have an access code.)

11. You are now in your ALEKS Student Account Home.
